

Quick Start Guide

Welcome! This Quick Start Guide provides information to get you setup and learning quickly.

Enrolling

The screenshot shows the first step of the enrollment process. At the top is the NDG logo, followed by the text 'NDG course' and 'Enroll in this course'. A progress bar indicates 'Step 1' is active. Below the progress bar is the heading 'Create an account'. There are three input fields: the first contains 'John Smith', the second contains 'demo@netdevgroup.com', and the third is a password field with dots. Below the fields is a checkbox with the text 'I agree to the terms of use and acknowledge the privacy policy.' At the bottom are two buttons: 'Back' and 'Next'.

Step 1 – Create an account

- Go to the enrollment URL provided to you upon purchase of the course
- Select **I am a new user**
- Enter information to create your NDG account

The screenshot shows the second step of the enrollment process. At the top is the NDG logo, followed by the text 'NDG course' and 'Enroll in this course'. A progress bar indicates 'Step 2' is active. Below the progress bar is the heading 'Enter Course Access Code'. There is one input field containing 'Course Access Code'. Below the field is a paragraph of text: 'An access code must be entered in order to access this course. You either purchased a course access code or one was provided to you.' At the bottom are two buttons: 'Back' and 'Next'.

Step 2 – Enter your Course Access Code

- An access code was provided to you upon purchase of the course
- Access codes are a one-time use, not case sensitive, 8 characters long, and consist of letters and numbers

The screenshot shows the third and final step of the enrollment process. At the top is the NDG logo, followed by the text 'NDG course' and 'Enroll in this course'. A progress bar indicates 'Step 3' is active. Below the progress bar is the heading 'Congratulations!' followed by the text 'You have successfully enrolled in this course!'. At the bottom are two buttons: 'Go To Course' and 'Account Settings'.

Step 3 – Select Go To Course

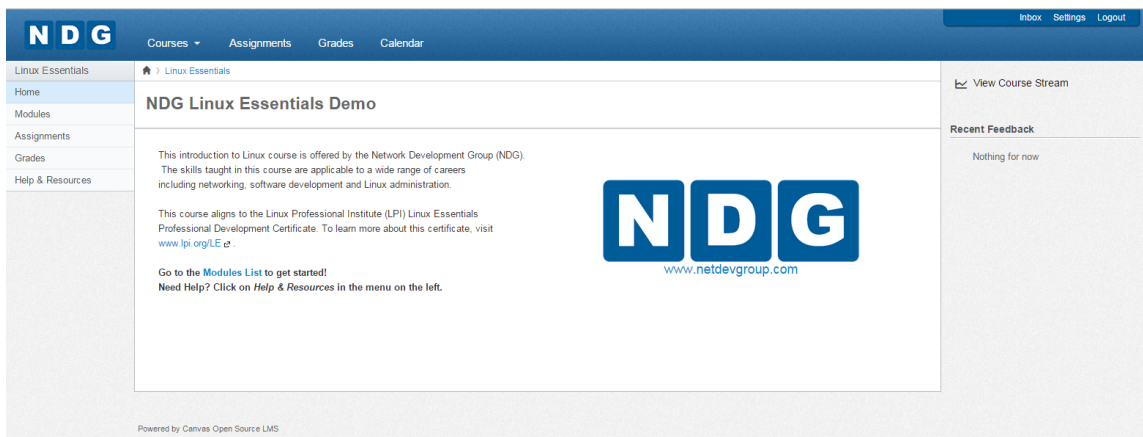

- This option will take you to the **Course Dashboard**

Accessing Course Content

The **Course Dashboard** will open in a new window

-The **Course Dashboard** is the homepage of the course

-It can be used to access course modules, assignments, grades, and much more!

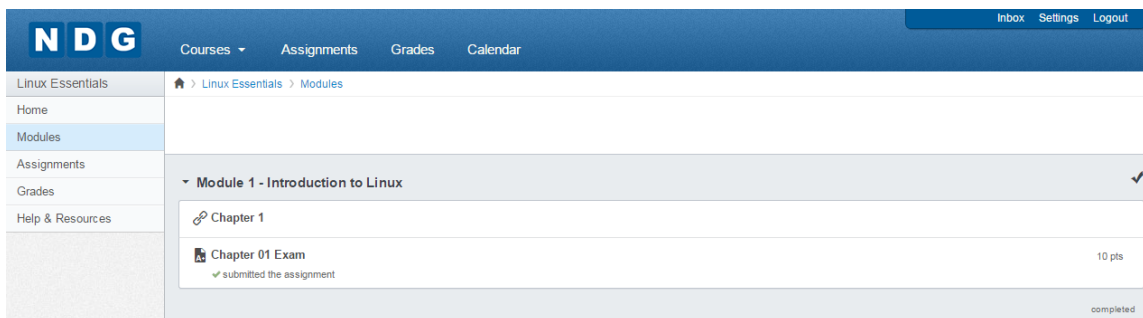

The screenshot shows the NDG Course Dashboard for 'Linux Essentials'. The top navigation bar includes 'Courses', 'Assignments', 'Grades', and 'Calendar'. The left sidebar has 'Linux Essentials', 'Home', 'Modules', 'Assignments', 'Grades', and 'Help & Resources'. The main content area displays 'NDG Linux Essentials Demo' with introductory text and the NDG logo. The right sidebar shows 'View Course Stream' and 'Recent Feedback'.

Step 1 – Select **Modules** on the left sidebar of the Course Dashboard

-**Modules** contain all course learning content

-Each Module consists of chapters, labs (not available for all chapters) and exams

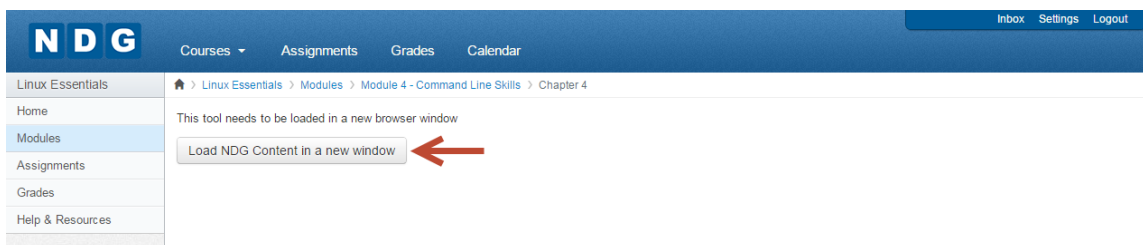

The screenshot shows the NDG Course Dashboard with the 'Modules' section selected in the left sidebar. The main content area displays 'Module 1 - Introduction to Linux' with a checkmark. Below it, 'Chapter 1' is listed, and 'Chapter 01 Exam' is shown with a status of 'submitted the assignment' and '10 pts'. The status 'completed' is visible at the bottom right.

Step 2 – Begin the course by selecting **Chapter 1**

Step 3 – Select the **Load NDG Content in a new Window** button

-Chapter 1 will open in a new window

The screenshot shows the NDG Course Dashboard with the 'Load NDG Content in a new window' button highlighted by a red arrow. The main content area displays 'This tool needs to be loaded in a new browser window'.

Once you are enrolled in a course you may access it anytime by logging in at lms.netdevgroup.com

Getting Help

Select **Help** from the top menu on the right side within a chapter or lab
-Access frequently asked questions, submit feedback, or start a tour of the layout

Select **Help & Resources** on the left sidebar of the Course Dashboard
-Access frequently asked questions and troubleshooting tips
